DETAILED ACTION

Specification

1. The substitute specification filed 3/27/09 is approved.
2. The disclosure is objected to because of the following informalities: in the substitute specification filed 3/27/09 on page 9, 2nd full paragraph, "10a" should be -- 210a --.

Appropriate correction is required.

Election/Restrictions

3. The arguments regarding the previous restriction requirement are moot in view of the cancellation of claims 13-15.

Claim Objections

4. Claim 27 is objected to because of the following informalities: in line 2 the term -- device -- should be inserted after the term "storage" to provide proper meaning to the claim. Appropriate correction is required.

Claim Rejections - 35 USC § 112

5. Claims 16-28 and 31-34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Concerning claim 16, the meaning and scope of the phrase "a printed heater ... and converting supplied energy into heat" is not understood rendering the scope of the claim indefinite. Concerning claim 21, claim 16 defines the heater as being printed directly on the flat carrier. Therefore, it is unclear how the heater can also be applied to another carrier laminated to the flat carrier as set

forth in claim 21. Concerning claim 28, the grammatical structure of this claim is incorrect and therefore renders the scope of the claim unclear.

Allowable Subject Matter

6. Claims 29 and 30 are allowed.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
